

## PRESS RELEASE

GOOD AESTHETIC GALLERY proudly presents *The Zodiac Clan*. This online exhibition by artist and world creator, CACTO, is explored through a studious lens. The Zodiac Clan is a guild of mercenaries hand-picked by a group of celestial beings, known as the "Overgods", for use as a regulatory force in the war between Deaths and Evergods. Often tasked with eliminating heretics and guiding malleable souls to the realm of eternal life, each member carries out and executes their duties with unique skill and precision.

Whether through combat, magic, or manipulation, every guild member is proficient in subduing and eradicating beings of unfathomable power. Comprised of beings from all across the universe, the Zodiac Clan is diverse and dynamic with a wide range of specialties and abilities, each member able to cover for whatever another may lack. There is no known limit to their jurisdiction or intelligible cap on their power. So, the best way to stay on their good side is to keep out of their way.
